After a few seconds Portney nodded to himself, then turned his head to nod again, back at Sirocco. Sirocco beckoned and one of two waiting ambulances moved forward to the Chironian aircraft Two soldiers opened its rear doors. Four others climbed inside the aircraft and began? moving bodies. As each body bag was brought out, Sirocco turned the top back briefly while an aide compared the face to pictures

"I think it will be all right if Kalens gets elected," Terry told them. "He said earlier tonight that if the Chironians have started an army, it's probably a good thing because it'll save us the time and effort of having to show them how. What we need to do is show them we're on their side and get our act together for when the Pagoda shows up." The EAF starship was designed differently from the Mayflower II. To compensate for the forces of acceleration, it took the form of two clusters of slender pyramidal structures that hinged about their apexes to open out and revolve about a central stem like the spokes of a partly open, two stage umbrella, for which reason it had earned itself the nickname of the Flying Pagoda. Terry sipped her drink and looked around the table. "The guy's got it figured realistically. You see, there's no need for a fight. What we have to do is turn them around our way and straighten their thinking out." started to get up. Beyond the hard-packed barnyard earth lies a recently mown lawn. A concrete birdbath. "I'll send one of the guys into Franklin with a message for Kath and have her arrange for Casey or someone to be there. SD patrols could be prowling around, or anything. Best not to risk it." Veronica nodded her assent. Kath had moved away to talk to Adam, Casey, and Veronica, who were sitting together beyond the table at which Driscoll was performing. Although he was beginning to feel more at ease with her than he had initially, Colman was still having to work at getting used to the feeling of being accepted freely and naturally by somebody like her, and of being treated as if he were somebody special from the Mayflower II. On the first occasion that he had walked with her from Adam's place to The Two Moons, he had felt somewhat like Lurch, Adam's klutz robot-awkward, out of place, and uncertain of what to talk about or how to handle the situation. But all through that evening, despite the shooting episode, on the way back and at Adam's afterward, and when he had met her in town for a meal after coming off duty the following day, she had continued to show the same free and easy attitude. Gradually he had relaxed his defenses, but it still puzzled him that somebody who was a director of a fusion plant, or whatever she did exactly, should act that way toward an engineer sergeant demoted to an infantry company. Why would she do something like that? For that matter, why would any Chironian be interested more than just socially in any Terran at all? you're thinking about Ashley Judd or Sharon Stone, or maybe Pam Grier. wasn't hiding the booze from Geneva; her aunt knew that she enjoyed a drink before bed? and that she. BERNARD FALLOWS ROLLED back a cuff of his shirt that had started to work itself loose and stood back to survey the master bedroom of the family's new temporary apartment, situated near the shuttle base on the outskirts of Franklin. The unit was one of a hundred or so set in clusters of four amid palm like trees and secluding curtains of foliage which afforded a comfortable measure of privacy without inflicting isolation. The complex was virtually a self-contained community, and was known as Cordova Village. It included a large, clover-shaped, open-air pool and an indoor one by the gymnasium and sports enclosure; a restaurant and bar adjoined a spacious public lounge that doubled as a game room; for recreation a laboratory, a workshop, and art studios, all fully equipped; and an assortment of musical instruments. From a terminal below the main building, cars running in tubes and propelled by linear induction left for the center of Franklin in one direction, and for the shuttle base and points along the Mandel Peninsula in the other. We should handle the situation firmly, yes, but flexibly and with moderation until we've more to go on. Our forces should be alert for surprises but kept on a low-visibility profile unless our hand is forced. That's my formula, gentlemen--firm, low-key, but flexible. "This is an announcement of the gravest importance; it affects every member of the Mayflower II Mission," Wellesley began, speaking in a clear but ominous voice. "I am addressing you all in my full capacity as Director of this Mission. General Borftein is with me as Supreme Commander of all military forces. Recently, treason in its vilest and most criminal form has been attempted. That attempt has failed. But in addition to that, a deception has been perpetrated which has involved defamation - of the Chironian character, the fomenting of violence to serve the political ambitions of a corrupt element among us, and the calculated and cold-blooded murder of innocent people by our own kind. I do not have to remind you. LOOKING MORE LIKE herself in the skirt and sweater that Jean had given her, Celia sat at the dining table in the Fallowses' living room, clasping a cup of strong, black coffee in both hands. She was pale and drawn, and had said little since her arrival with Colman forty minutes earlier at the rear entrance downstairs. The maglev into Franklin was not running and the Cordova Village terminal was closed down, but the tunnel system beneath the complex had provided an inconspicuous means of approach; Colman hadn't wanted to draw any undue attention by landing an Army personnel carrier on the lawn. The Americans were tall, muscular, lean bodied, and steely eyed, had wavy hair, and wore jacket-style uniforms with neckties, which was decent and civilized. Ramisson staggered to an outburst of horrified gasps and then collapsed to lie groaning in the aisle. Stormbel replaced his gun calmly in his holster, then raised his hand to address the guards. "Remove that man, and see to it that he receives medical attention." Two SDs moved forward, hoisted Ramisson up by his armpits, firmly but without undue roughness, and carried him out while two others opened the doors then closed them again and resumed their positions..but the whole strange story is out there if you want to look it up.
